

Instructions

1. Cut cup so it stands 2 1/2 inches high.
2. Cut cup into strips--make sure you have an ODD number of flaps.
3. Turn cup upside-down & press flaps down to make weaving process easier.
4. Tape one end of your yarn to the bottom of the cup.
5. Take your string & weave in and out through the flaps.
6. Tuck your string behind the woven cup so it doesn't unravel.
7. Fill cup with soil and plant your wildflowers! Don't forget to water them and leave your cup somewhere sunny. :)
